KÁSA PALMA

ARTISAN HOUSE & KITCHEN

BY CHEF AARON ISIP

MICHELIN 2026

Filipinos celebrate food and beverage as the essence of bringing people together.

Intelligence, intention, and innovation steer the foundations of our beverage program. These are materially expressed through a range of methods such as featuring typical examples, seeing classic styles in new light, sharing personal stories which have shaped my identity from my years in Melbourne, and exploring progressive or unknown regions & techniques which merit awareness.

These core principles tell stories and share knowledge from various people & places across the world, conveying the ways in which careful curation enlivens our experiences. More importantly, this demonstrates a unique sense of understanding the essence of our local lifestyle - that food and beverage unmistakably bring us together, as we share language, emotion, and memory for our times at the table.

To navigate our drinks list, each section reads from lightest to fullest stylistically in descending order. Some categories may be written across several pages.

This is Kása Palma—a living canvas of Filipino artistry where through the glass, we invite a conversation between heritage and imagination.
